Question

We are currently putting together and H&S documents for SSEN and they have requested that we find out the response times for an ambulance from Tarland 132kV substation Postcode AB33 8LP to Aberdeen Royal Infirmary, on Google its approx. 27miles/ 46mins

Answer

We have conducted a search of our records of incidents in AB33 8LP postcode area with conveyances to Aberdeen Royal Infirmary in the last 12-month period and have no data available. It is for this reason we have applied section 17 of the Freedom of Information Scotland Act 2002, as information not held.
