Property & Asset Management Strategy Equality Impact Assessment

Equality Impact Assessment is concerned with anticipating and identifying the equality consequences of particular policy / service initiative and ensuring that as far as possible any negative consequences for a particular group or sector of the community are eliminated, minimised or counterbalanced by other measures.

This document constitutes the Equality Impact Assessment for the Property & Asset Management Strategy 2017.

1. Introduction

The Scottish Ambulance Service is required to publish an annual Property & Asset Management Strategy (PAMS) under the instruction of CEL 35 'A Policy for Property and Asset Management in NHS Scotland'.

The main aims of the Property & Asset Management Strategy are:

- To ensure NHS Scotland assets are used efficiently, coherently and strategically to support Scottish Government's plans and priorities and identified clinical strategies and models of care
- To provide, maintain and develop a high quality, sustainable asset base that supports and facilitates the provision of high quality health care and better health outcomes.
- To ensure that the operational performance of assets is appropriately recorded, monitored and reviewed and, where appropriate improved
- To ensure an effective asset management approach to risk management and service continuity
- To support and facilitate joint asset planning and management with other public sector organisations

2. Progress

The Property & Asset Management will be submitted for review to Health Facilities Scotland in early June 2017. The information contained within the PAMS will be used to inform the annual State of the NHS Assets and Facilities report (SAFR) published annually each year by Health Facilities Scotland.

A high-level overview of key dates is as follows:

- PAMS submitted to Health Facilities Scotland June 2017
- Review meeting with Health Facilities Scotland August/September 2017
- Publication of the SAFR January/February 2018

3. Key Findings

The PAMS is a high level strategy which documents the proposed investments and disinvestments in property and other tangible assets over the next 5 years.

Doc: Defib / Patient Monitor EQIA	Page 1	Author: Consultant Paramedic
Date: 15/02/2017	Version:0.01	Review Date: - February 2018

The PAMS does not approve individual projects and individual business case are still required for formal approval to proceed. A EQIA assessment will be carried out at this business case stage and any positive or negative impacts will be indentified at that time.

4. Conclusions

From the above narrative and the attached assessment, it is concluded that, a full EQIA is not required for this strategy.

5. Assessment of impact

Equality Impact Assessment Report is attached (Appendix 1)

Doc: Defib / Patient Monitor EQIA	Page 2	Author: Consultant Paramedic
Date: 15/02/2017	Version:0.01	Review Date: - February 2018

Equality Impact: Screening and Assessment Form – Appendix 1

a. Name of policy or practice (list also any linked policies or decisions)	Property & Asset Management Strategy (PAMS).
b. Name of department	Finance & :Logistics
c. Name of Lead	Melanie Barnes
d. Equality Impact Assessment Team [names, job roles]	Melanie Barnes, Project Accountant and consultation with Asset Managers along with Project Teams
e. Date of assessment	10 May 2017
f. Who are the main target groups / who will be affected by the policy?	Operational Staff and Support Service Staff
g. What are the intended outcomes / purpose of the policy?	To align resources of the organisation to the Corporate Plan and Workforce Plan. "Towards 2020: Taking Care to the Patient" to deliver clinically focused high quality care for patients, with a future workforce to meet the changing and complex landscape of health and social care in Scotland. Health and Social Care Integration "Once for Scotland"
	 Provides a review of the number and condition of all tangible assets, i.e. property, fleet, ICT & medical equipment

Doc: Defib / Patient Monitor EQIA	Page 3	Author: Consultant Paramedic
Date: 15/02/2017	Version:0.01	Review Date: - February 2018

	Provides a strategy for future investment and disinvestment decisions on assets going forward
h. Is the policy relevant to the General Duty to eliminate discrimination? Advance equality of opportunity? Foster good relations?	No
If yes to any of the three needs complete all sections of the form (2- 7) If no to all of the three needs provide brief detail as to why this is the case and complete only section 7	<u>General duty to eliminate discrimination</u> Any investment/disinvestment projects included in the PAMS will require a separate business case to be submitted and approved before the project can proceed. An individual EQIA will be required to be completed at business case stage for all individual projects
If don't know: complete sections 2 and 3 to help assess relevance	Advance equality of opportunity The PAMS does not include details of the preferred options for investments/disinvestments. A full option appraisal will be required as part of the individual business case and the needs of different groups will be assessed and an individual EQIA will be completed as part of the business case process <u>Foster good relations</u>
	As stated above, the PAMS only details high level investment plans. Plans to tackle prejudice and promote understanding will be developed as part of the individual business case

Section 2: Evidence, consultation and involvement

Please list the available evidence used to assess the impact of this policy, including the sources listed below. Please also identify any gaps in evidence and what will be done to address this.

a. Previous consultation / involvement with community, including individuals or groups or staff as relevant. Please outline details

Doc: Defib / Patient Monitor EQIA	Page 4	Author: Consultant Paramedic
Date: 15/02/2017	Version:0.01	Review Date: - February 2018

Details of consultations - where, who was involved	Date	Key findings	Protected characteristics
			Age
			Disability
			Visual Impairment
			height/morphology
			Gender reassignment
			Gender / sex
			Marriage / civil partnership *
			Pregnancy / maternity
			Race
			Religion / belief
			Sexual orientation
			Cross cutting - e.g. health
			inequalities - people with poo
			mental health, low incomes, involved in the criminal justice
			system, those with poor

Opportunities to enhance equality	
Cross cutting - e.g. health inequalities people with poor mental health, low incomes, involved in the criminal justice system, those with poor literacy, are homeless or those who live in rural areas. Other Positive impacts	
Negative impacts	
Opportunities to enhance equality	
Note: specific actions relating to the	se measures can be listed at section 5

Doc: Defib / Patient Monitor EQIA	Page 10	Author: Consultant Paramedic
Date: 15/02/2017	Version:0.01	Review Date: - February 2018

Section 4: Addressing impacts

Select which of the following apply to your policy and give a brief explanation - to be expanded in Section 5: Action plan

	Reasons
a. No major change - the EQIA shows that the	
policy is robust, there is no potential for	
discrimination or adverse impact and all	
opportunities to promote equality have been taken	
b. Adjust the policy – the EQIA identifies	
potential problems or missed opportunities and	
you are making adjustments or introducing new	
measures to the policy to remove barriers or	
promote equality or foster good relations	
c. Continue the development and	
implementation of the policy without	
adjustments – the EQIA identifies potential for	
adverse impact or missed opportunity to promote	
equality. Justifications for continuing without	
making changes must be clearly set out, these	
should be compelling and in line with the duty to	
have due regard. See option d. if you find unlawful	
discrimination. Before choosing this option you	
must contact the Equalities Manager to discuss	
the implications.	

Doc: Defib / Patient Monitor EQIA	Page 11	Author: Consultant Paramedic
Date: 15/02/2017	Version:0.01	Review Date: - February 2018

d. Stop and remove the policy - there is actual
or potential unlawful discrimination and these
cannot be mitigated. The policy must be stopped
and removed or changed. Before choosing this
option you must contact the Equalities Manager to
discuss the implications.
