

Freedom of Information Request

07 December 2022

Question

1. The total number of vehicles in the Scottish Ambulance Service fleet, broken down by the role those vehicles play in delivering the service. e.g. emergency ambulance, patient transport vehicle, etc.
2. The cost to operate the entire fleet of Scottish ambulance service vehicles per year, based on the most recent data.
3. The cost to the Scottish Ambulance Service of running one patient transport ambulance per year.

Answer

1. Please see the link below to our public facing website that shows the total number on ambulances with the Scottish Ambulance Service.

[Frequently Asked Questions \(scottishambulance.com\)](#),
[fleetlist0822.pdf \(scottishambulance.com\)](#)

This list is the total number of **all** vehicles operated within the Scottish Ambulance service.

2. Please see the link below to our public facing website annual accounts where you will find the total cost to operate the Scottish Ambulance Service.

[Annual Report and Accounts \(scottishambulance.com\)](#)

3. We do not hold this information. The average cost per incident is published by ISD Scotland under National Statistics. Please note that every incident will have a different cost associated with it and we do not hold cost information down to any specific level.

Please see attached cost link -
