COUNT THE CARS

This is our little electric ambulance car.
It is great for nipping around small spaces
to help people!
It's also hiding all over this activity book,
how many times can you find it?

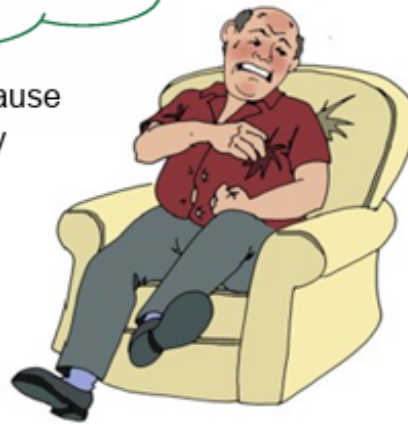

Would you call 999?

1. Grandad is holding his chest because
of the pain and he is having difficulty
breathing. He can not talk.

Would you call 999 for grandad?

Yes No

2. Billy has cut his finger whilst playing
with one of his toys and it is bleeding a
little.

Would you call 999 for Billy?

Yes No

3. Mrs Jones is lying on the floor outside her
house and you can't wake her up.

Would you call 999 for Mrs Jones?

Yes No

Our Ambulance has lost its colour! Can you please colour it back in for us?
You can do it the same as our real ones, or maybe you want to try a different colour scheme? Its up to you. Be creative!

Can you remember what these items are called that you have seen in the ambulance today? I've given you a few letters as clues...

REMINDER

In an emergency call for help and ring 999.

If it's not an emergency, you can call NHS 24 on 111 or your local Doctor.

How did you get on with the questions on page 5?
Here's the correct answers.....

- 1.** You should ring 999 for Grandad.
If a person cannot talk or breathe, this is serious. Dial 999.
- 2.** You do not need to ring 999 for Billy.
If a person has a small cut, this is not serious and could be treated at home with a first aid kit.
- 3.** You should ring 999 for Mrs Jones.
If a person will not wake up when you call their name and squeeze their shoulders, this is serious. Dial 999.

We really hope you enjoyed your visit from the Ambulance Crew today, and have learnt lots of new things.

Maybe you would like to tell your teacher about what you've learnt today and maybe you could all learn more about helping each other and how to give First Aid?
