

Freedom of Information Request

09 November 2022

Question

I would like to know:

Could you please provide the number of calls the west ambulance control centre dispatched an ambulance to between 7am and 7pm every Sunday for the last year.

Answer

We have searched our records and we are unable to definitively determine the originating Ambulance Control Centre within our data sets. It is for this reason; we have applied the exemption Section 17 of the Freedom of Information Scotland Act 2002 as information not held.
