Notes

^R - Emergency Incidents

We are currently implementing a correction to our emergency demand figures from 1 April 2026. This is due to a change in the way low-acuity emergency incidents are classified, which has resulted in an underestimate of overall emergency demand during this period (approximately 5.5% of total incidents).

In the latest publication, emergency demand data has been partially backdated to the week commencing 20 April 2026. Corrections for the remaining period (from 1 April 2026 onwards) will be applied in phases as soon as practicable.
